Parent's Name _____

Address _____

Parent's Cell # _____

Release for Use of Image of Minor Children under 18

I give my permission to Groves Public Library to use images of my child or children in news releases and/or promotional materials for the library of its programs. I further agree that the library may use the name (s) of my child or children in descriptive text or commentary in connection with the images without compensation to me. All negatives, prints and digital reproductions will be property of the library. In crowd shots of the children participating, we ask your indulgence, since we cannot single out children who may not have permission to be photographed. We will do the best we can to honor your preference.
